Experience

WEB DEVELOPER

Goflare Digital Solutions

I have more than 3 years as a web developer. I have created several lead-generation responsive landing pages and websites for clients with HTML, CSS, Bootstrap, and JavaScript.

WORDPRESS DEVELOPMENT

More than 3 years of experience in designing and developing customized WordPress sites using page builders and custom coding.

I have created several websites and landing pages.

LARAVEL DEVELOPER

Have great expertise in the PHP core Laravel. I have worked on several projects like EMS (Employees Management System) and CMS.

SEO AND GOOGLE ADS

I have good hands-on experience with SEO and Google Ads. Recently, I have created WordPress and HTML-based leads generation landing pages and also done one-page SEO of pages. After Optimization, I have run Google ads for good traffic and a high conversion rate, Got some good results.

Certification

WEB DEVELOPER

Pakistan Software Export Board (PSEB)

6 Months Internship

I have completed a 6-month PSEB Paid Internship in Goflare Digital Solutions, where I polished my web development skills and I also learned Google Ads and SEO Concepts.
